

# About IPS

- IPS is a family owned business with over 75 years experience in the industry.
- We have been providing high quality business-to-business surface finishing services and more, for over 25 years.
- Operations are performed in a state-of-the-art 300,000 ft<sup>2</sup> manufacturing facility with over 1,700 employees located in Tijuana, Mexico, just minutes from the U.S. / Mexico border.
- Our U.S. offices in San Diego, CA are strategically located just one mile from U.S. / Mexico Customs for immediate import/export processing. We handle all border-crossing issues.
- Superior bilingual Customer Service, Import / Export, and Production Planning Staff makes it easier to conduct business with us.
- Capacity: 12 Plating lines (3 Hoist, 7 Return Type & 2 Manual), over 300 manual polishing stations, 13 automatic polishing systems, 3 Powder Coating lines, 1 Liquid Coating line and fully equipped Lab Facilities for complete testing of our processes and products.
- We are ISO 9001-2000 Certified and in the process of TS 16949 Certification.
- Environmental concerns are a priority for us, therefore, we not only meet, but exceed environmental regulations and are Certified "Clean Industry" by the Environmental Office of the Mexican Government PROFEPA, (equivalent of the EPA in the U.S.)
- Once production is established, parts processing and delivery can be scheduled to best meet our clients' needs.
